Reference: FCC Docket Nos 96-45, 98-171, 90-571, 92-237, 99-200, 95-116, 98-170
and NSD File No. L-00-72.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I would like to add this personal note does anyone at the fcc really read these letters I have a feeling they dont. you people at the fcc have no idea what it like dealing with you and the phone companys. you add charges on our phone bill and the phone company just passes theem on to us where is that helping us keep our phone bills down. iam am disabled and on a fixed income but the rates of everything keep going up. I dont see where the goverment and the fcc is doing any good. you need to get down off your high throne in washington dc and see what the little people have to say. it coming to the point the fcc charges are half of my phone bill. I guess phone service will only be for the rich us poor people wont be able to afford it since your doing so much to help us. maybe thats a good thing I have to give up my phone then i wont get telemarketers calling me all day something the fcc cant stop either are they have no interest in. I use to work for the goverment I know how!

it works wasteful and most of the time you need not complain or try to change things becasue no one really cares. you all have your fat cat jobs making the big bucks in washington dc why worry about us little peons at the bottom. I hope some day you have to decide from phone service and medication or food. everyone gets there due reward in the end I hope you all get yours.

thanks for letting me vent for what little it will do to change things.
dew

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Dewey Nardini
